Rack'n Sac™ Product Benefits

Rack'n Sac™ - the unique patent pending solution for racking and dispensing your plastic carryout handle bags.

Rack'n Sac™ - has a superior, easy-to-load and easy-to-use dispensing system that is described in one word: simplicity. Loading and unloading bags is performed in seconds with the easy-slide tray. Simply place bags on rack and they are neatly and immediately ready for use! The convenient pull from top/easy-open feature simplifies bag loading and ultimately speeds up check-out time!

Rack'n Sac™ - bags are conveniently folded in the box making them easy to handle in preparation for loading.

Rack'n Sac™ - flexible racking system fits neatly under your existing counter space. No need to make counter modifications or cut holes in your counters! For stores with no available under the counter space, a simple hook is also available.

Rack'n Sac™ - is supported by our sales and service team who will train personnel on proper loading and use of **Rack'n Sac™** bags and racks.

Rack'n Sac™ - is manufactured with the most technologically advanced equipment available in the world today, resulting in excellent quality and superior print. This means that our customers will have more consistent product, and overall satisfaction with their plastic bags. Trinity Packaging's high quality print capabilities of up to 6 colors on one side are unmatched in the industry.

Rack'n Sac™ - is available in a wide range of sizes convenient for all retailers.

Rack'n Sac™ is the answer to your plastic bagging needs. Our flexible racking system and unlimited size selection ensure availability of the right size, in the right place, at the right time!
